

Provincial ERAP Activation—RG4 Shipment Workflow

Prior to sample collection, the facility notifies and consults the BCCDC MMOC at 604-661-7033

BCCDC MMOC obtains testing approval from NML and initiates ERAP
NML Operations Centre 1-866-262-8433 Or email ocnml-dir-lnmco@phac-aspc.gc.ca

BCCDC MMOC confirms with the requesting facility that the suspect RG4 sample(s) can be collected and notifies them that the ERAP has been initiated

Suspect RG4 sample(s) collected by the facility

Facility has a TDG certified shipper and prepares the sample(s) for shipment using the required Category A container and complete Shipper's Declaration

For additional guidance and information on suspect RG4 sample packaging and shipment, please consult:
"Submitting Site Toolkit for Suspect RG4 Pathogens"

Sample(s) for testing at NML are packaged in Category A packaging
Shippers declaration (for ground and air transport) must include:
1. ERAP no. ERP2-0746
2. PHAC's 24hr. ERAP Duty Officer's contact number, 1-800-545-7661
3. BCCDC MMOC contact number, 604-661-7033

Sample(s) shipped to the BCCDC and internal BCCDC testing operations are initiated
